

THE MASON-DIXON MELTDOWN with Kyle Busch in the #35

(November 11, 2006 - West Boylston, MA) Derek Ramstrom of W. Boylston, MA, the newly crowned PASS Outlaw Late Model Series 2006 Champion, was looking forward to driving the newly acquired #35 Super Late Model car in the Mason Dixon Meltdown at South Boston Speedway in South Boston, VA on November 24 – 25th.

However, there was one problem that needed to be overcome before this trip south could be finalized. Derek is still recovering from the broken arm he received during Championship Weekend at Unity Raceway, and the team needed a driver.

Fortunately, through the efforts of Steve Perry and team owner Rick Ramstrom, NASCAR Nextel Cup Series driver Kyle Busch will be in the seat at South Boston. The entire #35 team will be supporting Kyle's run in the Thanksgiving weekend 250-lap event.
